Dear Parents and Guardians of LPS Students,

Lincoln Public Schools is fortunate to receive federal funding under Title I of the Elementary and Secondary Education Act (ESEA), which allows us to provide additional services to students in schools with the highest poverty rates. The purpose of these funds is to help our students meet their educational goals, particularly in reading and math.

Because LPS receives Title I funding, parents of students attending any school in the district may request, and the district will provide to the parents in a timely manner, information regarding the professional qualifications of the student’s teacher(s) and paraprofessional(s). Please contact the front office of your student’s school if you wish to receive this information.

Sincerely,

Linda Hix
